

Acts and Regulations on Management of Chinese Medicine (second edition)

Introduction

In order to facilitate the personnel concerning Chinese Medical affairs for better comprehend the acts and regulations on medical administration, as well as to help the doctors of Chinese Medicine to maintain their expertise and medical quality, the Committee on Chinese Medicine and Pharmacy, CCMP since 1998 has compiled on a yearly basis “ Acts and Regulations on Management of Chinese Medicine” in accordance with the rectification of policy and decrees to offer Chinese medical administration-related persons for reference.

This compilation has been classified, according to their nature, into four parts: Chinese Medicine Administration, Nursing Administration, National Health Insurance and Chinese Medicine Examination. Chinese Medicine Administration, there are 76 decrees collected from Physicians’ Act, Act of Medical affairs and their related subsidiaries and regulations in consideration of the existing demands of the Chinese Medicine affairs administrators, medical institutions and medical management; Nursing Administration, there are 7 decrees collected from Nurses’ Act and its

relevant subsidiaries in accordance with the development of nursing activities in Chinese Medicine; National Health Insurance, there are 15 decrees collected from National Health and Insurance Act and its relevant subsidiaries in coordination with the implementation of the Global Budgeting System for Outpatient of Chinese Medicine in National Health Insurance. Finally Chinese Medicine Examination, to coordinate with the rectification of examination system for doctors of Chinese Medicine, there are 9 decrees collected from the Act on Examination for Professional and Technical Personnel and its enforcement regulations, the Regulations on Examination for doctors of Chinese Medicine in Advanced Examination for Professional and Technical Personnel, and the Regulations on Examination for doctors of Chinese Medicine in Special Examination for Professional and Technical Personnel.
