

Video/DVD version of Education and Guidance of SARS Prevention

Introduction

The DOH Committee on Chinese Medicine and Pharmacy , DOH,executive Yuan has implemented the National Science Council Plan for SARS education, training, and publicity. The achievements are recorded into DVD, titled the “DVD Book on SARS-Control Education and Publicity. The book uses as basic materials the audio-visual recordings supplied by experts and scholars who were invited to give lectures at various workshops. It contains the following 12 items: “An Analysis of Taiwan’s Results of SARS Researches and SARS Control with Chinese Medicine,” “Joining Battle with SARS,” “The Plan for Establishing an Infectious Disease Treatment Network,” “The Latest Trend of Epidemic Diseases and Quarantine,” “Communicating Paths of Commonly Seen Epidemics and Their Control,” “Practice of Clinical Diagnosis for SARS,” “SARS and Infection Control,” “Operational Procedure for SARS Prevention in Hospitals,” “SARS and Respiratory Infections,” “Clinical Symptoms and Treatment of SARS – the Chinese Medical Viewpoint,” “On SARS Prevention and Treatment from the Perspective of Traditional Medicine, “A Case Report on Saving the Lungs with Breathing Therapy.”
